CLASSROOMS

Our classrooms are designed to maximize natural lighting and ventilation. Each classroom is provided a green board and space for displays. For the primary sections, the furniture and equipment have been chosen with utmost care and every room is provided with classroom resources necessary for each grade.

In Primary wing there are ___ classrooms and in senior wing there are 40 classrooms.

LIBRARY

The school has one Libraries, the Libraries are accommodated in a well furnished hall and are well lit and ventilated. It is patronized equally by the students of all age groups and the staff. There are more than 16715 books and 27 periodicals, all taken care of by trained Librarians.

COMPUTER LAB

Army Public School, Damana has two well equipped Computer Laboratories for providing Computer education for all classes. Computer Science is offered as an elective subject for science stream at Senior Secondary level

LANGUAGE LAB

Language is essential for expressing ideas, opinions, views, and emotions. One of the essential qualities required today is the command over the English language. In other words, effective oral communication is required for success in life. This is made possible by an English lab. The main objective of this lab is to provide practice in an entertaining and interactive way to acquire the 4 main language skills: listening, speaking, reading, and writing.

RESOURCE ROOM

The school has Resource rooms for both Primary and Senior wing. Resource rooms are learning spaces where a special educator instructs and assists students identified with a disability.

CONFERENCE ROOM

The school has its own conference Hall. The Conference Hall functions as the meeting hall for in-house meetings as well as meetings with external guests. It is fully air-conditioned and is equipped with projector

MUSIC ROOM

In APS Damana, we train children in both – vocal and instrumental music. We have music rooms in both the wings. Songs are also earmarked for special occasions like Independence Day, Republic Day, national and social festivals. Students are trained in instruments according to their talent and ability. The school has instruments like harmonium, tabla, keyboard, guitar and various drums. An orchestra/band is formed of students who play various instruments. The school has talented teachers who teach vocal and instrumental music. They are also conducting individual/group singing competitions among students.

ART & CRAFT ROOM

The art room presents opportunities for developing varied artistic interests such as clay modelling, painting, drawing, etc. for children of all ages within the context of formal education; the school has two Art rooms for each wing. The students have privilege to work freely in this Art room and to work as a real Art atelier.

It also helps them to improve their fine- motor skills and hand–eye coordination.

MEDICAL ROOM

Good health is an essential part of our curriculum. The school has its own Medical room with full time nurse available during the school hours. As a routine the school gets all the students medically examined by a team of doctors of 326FD HOSP The medical report are sent to the parents for follow up. DURING COVID, VACCINATION DRIVE IS CONDUCTED IN THE SCHOOL FOR ENTIRE STAFF.
